

FICTION/SUSPENSE

In the dead of winter, Sydney Hayes finds herself in an internet chat room in hopes of expelling her loneliness. Enchanted by a stranger, she soon finds herself caught up in an affair that spills over into her everyday life. Within a short period of time, the stranger captures her mind, her body and eventually her heart, but excitement turns to terror and Sydney must abandon the life she built in Chicago and assume a new identity.

A fragile woman in a new city, Sydney tries to put it all behind her as she makes a fresh start in Seattle, but her troubles follow her and she is running out of time. Feeling as though she has no other choice, Sydney is determined to destroy him before he destroys her - unaware that her journal holds the key.

Will she discover the secret before it's too late?

A native of the South Side of Chicago, Denise Baer is a published poet and author. She currently splits her time between the United States and Europe.
